

UNFORGOTTEN

FOUNDER'S DAY

"She was like a mother to all."

These are some of the words used to describe the founder of our school,

Mrs Winnie D'Cunha.

The 3rd of November marks a day that unites all Diyafites in a special way.

From the Kindergarteners to the A-level students, to the staff of our school, everyone comes together to celebrate the birthday of the lady who has inspired us and made a difference in so many of our lives.

As the school prospers and grows, her memory resides in our hearts. Therefore, we celebrated this very special day in her honour.

A procession of candle-bearers marked the beginning of the special assembly conducted by the students of year 11, followed by a skit to illustrate the strong and determined character of Mrs D'Cunha.

The event was a melodious memoir, with the choir doing a splendid job with their dedicated singing. The assembly came to an end with students from all grades presenting flowers, cards and candles on stage to display their remembrance and appreciation.

The students, who were dressed in casuals for this exceptional day, left school with a sense of belonging and unity that was instilled within them through the memory of their very own founder.

As it has been said before, we will always remember you, Mrs Winnie D'Cunha !
