

The Food Bazaar 2010

In aid of the victims of the Haiti earthquake

The Food Bazaar organised by the Kindergarten, Years 1 and 2 on February 13th was a grand success. The excitement was palpable as the children streamed in with their contributions from piping hot idlis to tangy bhels, from muffins and cakes to cold juices and flavoured milk. The tables were laden with every child's breakfast dream.

We had volunteer parents also coming in to help the teachers set up the tables and cash boxes, to do portion packaging and to help the younger ones choose their breakfasts. Without a doubt, the parents were the backbone of the whole event. We have them to thank first for ensuring such a resounding success of our Food Bazaar 2010.

For the children, the experience of a Food Bazaar was great fun. They were not only presented with a smorgasbord for their most important meal of the day, but the food was very reasonably priced for everyone to try a little of all that caught their fancy.

Our cause this year was to aid the victims of the devastating earthquake in Haiti. A calamity on such a mighty scale that every person is compelled to do whatever they can to assist. Together with your contributions and assistance, we have raised Dhs. 2,700 from this year's Food Bazaar. A big thank you to all the parents, teachers and children who whole heartedly embraced the cause and once again proved that together we are a winning team!
