Dear Parent,

We are pleased to inform that **Vedic Maths classes by Magical Methods – World leader in Vedic Mathematics** is going to be launched in your school premises soon. As you may be aware, there were a few demonstration sessions conducted last year in this regard by Knowledge Square, Dubai, the pioneer in Vedic Maths in UAE.

The classes are planned to be conducted on Saturdays with each session for 2 hours and this **Basic level - Vedic Maths** course will be for 12 weeks. The aim of this course is to **remove your child's aversion towards Mathematics** and **instil interest** by proven methods of teaching which involves teaching with simple Sutras (viz. Formulae) and games. As the child starts attending these classes, one can expect good results in Mathematics in a matter of 3 months.

The beauty of Vedic Maths is that it **compliments** the Regular School Maths and enhances the calculating power of the child by 10 to 15 times. Concentration of the child is vastly improved with this learning, unnecessary scratch works and finger counting are totally eliminated. Losing marks due to silly mistakes is a common sight and it will be our pleasure to correct this anomaly in your child with our structured program.

We are enrolling children from the age of **12 years** and as a gesture of goodwill to the Al Diyafah school management, we are offering the course with **20% discount on Term Fee** for the first 25 admissions.

For further details on this, you are requested to meet the undersigned at Al Diyafah School on 6th March 2010 between 10:00am & 11:00

With best regards
Anusuya Kandanathan

☺Give your Child Knowledge Gift for a Smile of Lifetime☺

ACKNOWLEDGEMENT.

Received circular on Magical Methods.
