

Annual Prize Day Report

The future's so bright !

"Winners are people with definite purpose in life".

– Denis Waitley

On the pleasant daybreak of 19th October, the Diyafah family felicitated the academic heroes of Al Diyafah High School. "Prize Day" for the Diyafah family marked a day of appreciation and celebration. Parents felt heartwarming pride as students confidently strode on their runway of achievement, flashing radiant smiles as they were awarded certificates and accolades for topping their respective batches.

Every Prize winner was met with an uproar of applause and the sense of success in the air was palpable. The applause got even louder, as the school collectively displayed its respect for the students who scored A*s and A s in the IGCSE, AS and A level Board Examinations 2015–2016.

The brilliant superstars of Diyafah were addressed by the Principal, Mrs. Patricia Johnston followed by the Head of School, Ms. Neetha Shetty. Melodious performances by the students enriched the event as the audience swayed along and etched eternal memories in our hearts, leaving us in a trance of inspiration.

The entire affair concluded with a bang, as the Winnie D'Cunha Memorial Scholarship, normally given to two outstanding students, was awarded to five meritorious students in honor of the School's 35th anniversary.
